Highly motivated and detail-oriented BCA graduate with strong foundation in computer application. Proficient in programming languages, software development, and problem-solving. Seeking a challenging role that leverages my technical skills and passion for innovation to drive business growth and success.

WORK EXPERIENCE

Web Development Internship.

Tech-Octanet Services Pvt Ltd. Oct – Dec 2024.

Worked closely with the development team to create responsive and user-friendly web pages using HTML, CSS, JavaScript, and other modern tools. Helped improve features, fix bugs, and connect web pages with bank-end systems. Also got hand-on experience using Git for version control and followed an agile workflow to manage tasks efficiently.

Mahindra & Mahindra Pvt Ltd.

May-2024 To Oct-2024

Dedicated apprentice with 6 months of experience in I handled and organized detailed engine data using excel, ensuring everything was accurate and easy to access. I also created clear power point presentations to help HR and other teams understand complex data, making our processes more efficient and collaborative, and teamwork. Passionate about automotive engineering with a focus on precision and quality.
